About This Lesson

To identify factors to help make postsecondary education decisions, students will explore schools to help them understand what's important to them in potential postsecondary schools, investigate how a college or university stacks up to their priorities, and evaluate their choices to help them revise postsecondary goals based on what they've learned.

Learning Objectives

By the end of this lesson, students will:

- identify which factors are important to them in a potential postsecondary school
- investigate how a college or university stacks up to their priorities
- reflect on why a potential postsecondary school is a good choice to help them achieve their postsecondary goals

Driving Question

Why does choosing a postsecondary school matter to my career/life goals?

Inquiry Prompts

- What do you need to be happy at school?
- When considering postsecondary education, what would be your top priorities?

Teaching Strategies

In this activity, students will explore schools in Xello, saving at least 3 and identifying factors that influenced their choices. By completing this activity students will fulfill the prerequisite for Xello's lesson **Choosing a College or University**.

- 1 Provide the [instructions](#) on the next page to your students and set a time to return as a whole group to share their list of factors.
- 2 After 15 minutes, bring the whole class back together, if you have a larger class you may want to divide the class into smaller groups to ensure everyone has time to share.
- 3 Lead a round robin style discussion that gets each person to share one of their top factors when saving a school.
- 4 **OPTIONAL:** Document the list of factors during the discussion and then ask students to vote their top 3 priorities when choosing a college or university. Is there a clear consensus in the class?

Materials Required

- [Student Instructions](#)
- Computer or tablet with internet access
- Synchronous learning environment for a live class discussion

Artifacts

Students will save at least 3 schools and share the factors that influenced their decisions in a class discussion.

School Exploration

Student Instructions

Even if you're not sure you'll be heading to college or university your first year after high school, you never know where your future career will take you. It may be later in your career that you decide a postsecondary program is necessary to advance you in your field. So why not start thinking about potential schools that would make a good fit for you. In this activity you'll explore schools in Xello to help you identify factors that you feel are important in your postsecondary education goals.

Use the next 15 minutes to **Explore Schools** in Xello. Your goal is to save at least 3 schools by the end of your exploration, while also keeping track of your reasons for saving a school. Following your search you will be sharing these factors with your classmates. Here are some tips to help you with your search:

- 1 If you've already saved a school in Xello, review the school profile and note a couple reasons why you chose to save it.
- 2 If you've already saved a program in Xello, look at a few school profiles that offer the program or a related program. Why would you choose one school over the other?
- 3 In **Explore Schools** use **More Filters** to search schools within a set of parameters. What filters did you apply? Why are these factors important to you?

Now that you have a clearer idea of what your priorities are when choosing a school after high school you can revise your plans to help you achieve your postsecondary goals. Complete the following in Xello:

- 1 Confirm the schools you've saved in Xello match the priorities you identified in the Xello lesson Choosing a College or University. Refer back to your lesson responses by reopening the lesson to review:
 - Part 3: Institution Intuition
Do your saved schools meet your personal preferences for:
 - School location
 - Living situation
 - Extracurricular activities
 - Types of classes
 - Campus life
 - Part 4: Your School Must-haves
Do your saved schools rank well on your most important school factors?
- 2 Remove any saved schools that don't reflect a good match to your personal preferences or important factors.
- 3 Update your **My Plans** in Xello's **Goals & Plans** section to reflect your postsecondary schools of choice.
NOTE: If you haven't already created a plan in Xello, follow step 4 to start one.
 - **Edit** the plan to reflect postsecondary school preferences
 - Within the text field of the plan, add a short reflection explaining how the chosen school in your plan meets your personal preferences and important school factors.
- 4 HOW TO CREATE **MY PLANS** IN XELLO:
 - Under **Goals & Plans** select **My Plans** to create a + **New Plan**
 - Select **School** as the starting point and follow the prompts
 - Return to step 3 to complete this activity
