## Filter by demand

## Student instructions

Which careers are projected to be increasing in demand? What factors do you think are influencing the increase? Do any of these careers interest you and why?

- 1 From Explore careers in Xello, click More filters and select Increasing career demand. Choose 1 or 2 Career clusters that are suggested for you, or a cluster that is of interest.
- 2 Review the results based on the selected filters. Which career surprises you the most? Which career would you consider a possibility for yourself? Review at least 3 career profiles before saving one.
- 3 At the top of the profile, choose an emoji to indicate how you feel about this career.
- 4 Within **My notes**, add a short reflection in regards to the increasing career demand:
  - Which factor do you think is impacting the demand? Why do you think this? (Technological, Economical, Social, Demographic, Business practices, Consumer, or Workplace restructuring).
  - Consider checking out the *key factors affecting this sector* on the <u>Working Futures report</u> to support your answers.
