

Filter By Demand

Student Instructions

Which careers are projected to be increasing in demand? What factors do you think are influencing the increase? Do any of these careers interest you and why?

- 1 From **Explore Careers** in Xello, click **More Filters** and select **Increasing** career demand. Choose 1 or 2 **Career Clusters** that are suggested for you, or a cluster that is of interest.
- 2 Review the results based on the selected filters. Which career surprises you the most? Which career would you consider a possibility for yourself? Review at least 3 career profiles before saving one.
- 3 At the top of the profile, choose an emoji to indicate how you feel about this career.
- 4 Within **My Notes**, add a short reflection in regards to the increasing career demand:
 - Which factor do you think is impacting the demand? Why do you think this? (Technological, Economical, Social, Demographic, Business Practices, Consumer Behavior, or Workplace Restructuring).
 - Consider checking out the *career outlook* details on the [U.S. Bureau of Labor Statistics](#) site to support your answers. Navigate the career clusters to find related job titles to find more information about a particular career's projection results.
