

Transferable Skills

Student Instructions

How do your current experiences help you prepare for career related skills? The various roles you play in your life require you to perform various tasks that require certain skills. Whether you are collaborating on a group project for school or caring for a family member at home, every responsibility you have requires you to perform particular skills. Many skills you are using and developing today will transfer to other future experiences, including your career. Complete the following for 3 saved careers:

- 1 At the top of the profile, choose an emoji to indicate how you feel about this career.
- 2 Take a look at the skills used by reviewing them within the **Find out why** area of the career profile. Note down 1 skill you are actively practicing today and 1 you desire to work on more.
- 3 Within the **My Notes** section at the top of the career profile, record reflections for these 2 skills:
 - Explain how you are practicing one skill today, and how you think it could transfer to this career.
 - Identify one skill you'd like to develop further, and explain one type of opportunity you could pursue to explore and develop this skill.
