- reflect on whether their career matches align with their interests

Inquiry prompts

- How can my interests impact what type of career interests me?

Before you begin

1. Ensure that you are able to log into your student demo account on Xello.
2. Ensure that students are able to log into their accounts and can access **About Me**. In order to access **Matchmaker: Mission Complete**, students will first need to complete the **Matchmaker** and **Personality Style** assessments.
3. Decide whether to share directions and take notes with your class via a slide deck and project for students to view, or on a whiteboard in the physical classroom.
4. Create a Xello **Assignment.** This is where students will submit their reflections.

Teaching strategies

1. Direct students to log in to their Xello accounts and access their **About Me** page and the **Career Matches** section. Ask the following question: What were your thoughts when you received the results of your **Matchmaker** and **Personality Style** quizzes? Give students a few moments to reflect.
2. Have students share their answers with a partner.
3. Direct students to open **About Me** and click **MIssion Complete**. Remind students that this assessment helps narrow down their interests even further to give them a clearer idea of the types of jobs that may interest them. It's important they take their time, read all of the questions thoroughly, and respond thoughtfully. Have students take the assessment, offering help as needed.
4. When students are finished, have them reflect on the following questions in the Xello **Assignment**:
    - How did your career matches change after finishing **Mission Complete**?
    - Do you think your career matches align with your interests? Why or why not?
